**ALARM STATUS DECLARATION**

**WHAT CAN AND CANNOT DO.**

**CAN I GO OUT?**

THE “REAL DECRETO” LIMITS OUTDOOR MOVEMENT AND DAILY ACTIVITIES. It states that if someone must go out it should be only him/herself (some exceptions apply), crowds must be avoided and that a “safety distance of at least one meter” must be maintained to avoid contagion.

**YOU CANNOT LEAVE YOUR HOUSE TO...:**

- Exercize, for example go running.
- Go out with your children unless there is no other choice.
- Visit your family or friends, except to help elderly people or others who need assistance.

Furthermore, you can only go out with someone else if it is an elderly person, a person with restricted mobility, a minor, or due to a justified cause.

You may walk your dog only if you are doing so alone, it is strictly necessary, and you keep the required distance from other people and their pets.

While the amount of time spent for authorized outside activity is not regulated, it is important to use common sense and keep it to a minimum.

**YOU CAN LEAVE YOUR HOUSE TO...:**

- Purchase medicine and products at the pharmacy.
- Buy food and essentials at the supermarket and other stores that have remained open.
- Go to health and medical centers, hospitals, and health support services.
- Go to work.
- Look after and assist elderly, assisted, young, disabled, and vulnerable people.
- Go to the bank and insurance offices.
- Attend to an urgent situation.
- Return to your usual place of residence/home.

**IN THE CASE OF CLOSED AND PRIVATE HOUSING, CAN PEOPLE BE IN THE OUTDOOR SHARED AREAS?**

**NO**
